

Lifetime Warranty

Confidence that lasts a lifetime.

Adin stands behind the quality of its implant systems and offers replacement of defective implant or abutment components manufactured by Adin, subject to the conditions outlined below, when such defects result from the manufacturing process, materials used, or product design.

The Adin dental implant and other Adin products are part of an overall concept and are intended for use only in conjunction with the corresponding original components and instruments, according to Adin's instructions and recommendations.

Use of products manufactured by third parties and not distributed by Adin, in conjunction with Adin Dental Implant Systems, will void this or any other warranty or obligation, expressed or implied, as shall the use of any Adin products contrary to any instructions provided by Adin regarding the application of its products, whether delivered verbally, in writing, via electronic media, or through hands-on training, in accordance with the state of the art at the time of product introduction.

The user of Adin products is responsible for determining whether a product is suitable for a particular patient and circumstances.

For this warranty to apply, users must be licensed professionals and are required to stay informed of the latest developments, updates, and guidelines related to Adin products and their application.

Adin disclaims any liability, expressed or implied, and bears no responsibility for any direct, indirect, punitive or other damages, arising out of or in connection with any errors in professional judgment or practice in the use or installation of Adin products.

This limited warranty does not cover the cost of surgical procedures, nor any materials, tools, or accessories used in conjunction with the implant.

At Adin, we are committed to supporting clinicians with reliable solutions designed for long-term performance.
